

Winterton TC

19th April 2016

PA/2015/1390

This application was held in abeyance at applicants request as they wanted to present additional information re habitat and archaeology issues...not entirely clear at present which committee will consider this one, but definitely not on 27th April.

Winterton Rangers

- The draft lease was sent to Winterton Rangers Solicitor on 8 April.
- Pedestrian access over Winterton Rangers car park. This is not yet resolved. Estates have had an exchange of emails with the Town Council and answered various queries that they have raised. The last contact with them was an email from estates to the Clerk on 8th April which was in answer to queries that they had raised (primarily in terms of why we had dismissed any other alternatives for pedestrian access to the new facility). Estates await their response.
- The planning application has now been submitted and will be going through the validation processes.

North Lincolnshire Council Invest in Education

North Lincolnshire Council is set to invest nearly £4.6m in to schools across North Lincolnshire this year (2016/17) to meet the increasing demand of school places and to maintain the buildings.

- Winterton Junior School £100,000
- Winterton CofE Infants Schools. £615,060 for roof, electrical and/or heating
- Winterton Children's Centre £30,000 for the new one.

Neighbourhoods

North Lincolnshire Council is to receive an extra £318,000 from the Government's Pothole Fund to help repair roads in our area.

We encourage residents to report potholes and any other highways problems to us so that we may chase these for a response and action.

Highways team also inspect the road network regularly to assess what maintenance work needs to be carried out.

Pothole repairs are prioritised based on the location, size and depth of the hole.

New street signs on Millhouse Lane, Cliff Avenue, Water Lane and Earlsgate to name but a few.

All street signs cleaned from A1077 down Earlsgate area

Micro Asphalt all footpaths in the Manlake Ave/Cliff Gardens area

New fencing in the cemetery.

North Lincolnshire council is looking into the Inter Town mowing team to carry out litter pick before the mowing on the A1077

Parish Pathways

We have been asked by the Town Council to see if they could be considered for the parish pathways scheme. The current scheme is predominantly working with villages, however they will consider this in the future.

Call Connect Service

Launch date for the Call Connect service in Winterton is 20 June. Road show in Winterton Market Place from 10.30am so that residents may find out more.

Travellers on Holmes Lane

After the travellers were moved on from Holmes Lane they reappeared further down Holmes Lane on the opposite side of Ermine Street.

They have been served direction to leave and a summons obtained in Court this morning.
