

## **Winterton TC**

**21<sup>st</sup> Feb 2017**

### **Highways issues**

- Potholes around Winterton have been identified and works to be carried out.
- We have asked for the yellow lines on West Street to be refreshed, as they are very faint.

### **Footpath through the Park**

Following the clerk to the Town Council approaching us, we asked for the costs for the temporary closure notice to be waived. We have been advised that the footpath was claimed under a 20 year rule, and was supported by the TC. NLC are happy to waive this cost as the Town Council are improving the surface to the path, as it is their responsibility.

### **Bridleway/Roxby Trods**

The farmer who allegedly has permission to use the bridleway to access his fields has cleaned up the path as requested. Unfortunately the bucket was wider than the path and the grass strips will need time to recover. We have asked the NLC PRow officer to look into this and advise.

### **Budget was signed off to include**

0.99% increase in general taxation  
Imagination Library Protected  
£4million for flood protection in North Lincolnshire  
Call Connect service protected  
Extra money for Highways, ensuring safer roads  
Further funding also which will include North Street resurfacing
