The Biffa logo is located in the top right corner of the page. It consists of the word "Biffa" in a white, bold, sans-serif font, set against a solid red square background.

## Engineering Works

Residents of Roxby & Winterton

I would like to make you aware of planned engineering works that are to take place over the coming weeks on site.

Weather depending we are due to mobilise the drilling rig this Wednesday 24<sup>th</sup>.

We are drilling 7 new deep gas wells in Phase 11 to capture the landfill gas and generate electricity.

We are also installing approx. 40 pins on the north flank of cell 11 and extend the 250mm gas collector line.

This will enable us to extract more Landfill Gas from the Landfill Site, thus increasing the total generation.

During these works site will endeavour to control any odours related to site operations with the placement of an additional portable de-odourise system.

All drilled sections will also be capped and sealed at the end of each operational day to prevent any associated odours escape.

I would like to thank you in advance for your patience during these improvements works.

Kind Regards

James Harrison & Jonny Gunn
